

H&S Software

Product

We digitise all your health and safety processes for complete, easy, and efficient compliance. It incorporates company-integrated management system documentation, time and attendance, employee inductions, toolbox talks and training, Safe Systems of Work (SSoW), Risk Assessment Method Statements (RAMS) and briefing evidence, Point of Work Risk Assessment (PoWRA), site inspections/audits and plant and tools checks.

POWERFUL, ROBUST AND FLEXIBLE APPLICATIONS

The software provides a single solution encompassing operational and health and safety compliance.

EASY SET UP AND DEPLOY

Cloud based Health and Safety Software that works on Desktop and Mobile using a modern browser.

POWERFUL, ROBUST AND FLEXIBLE APPLICATIONS

Streamline processes aid competence tracking, risk assessment method statements and site/plant/tool inspections - and more!

Features

Company policies database

Policies in the company's integrated management system.

Time and attendance tracking

Human resources and training

Qualification tracking

Access company policies

Toolbox talks and training

Training matrix - database of competency evidence

A suite of electronic toolbox talks and the ability to generate further company-specific updates and training
